'Your books are absolutely fantastic. I think they should be in all the schools on Earth'

Molly-Harriss-Olsen,
Director, Eco-Futures

POW! Meet the Renewables

Short-listed for 2009 Environmental Award
Children's Literature

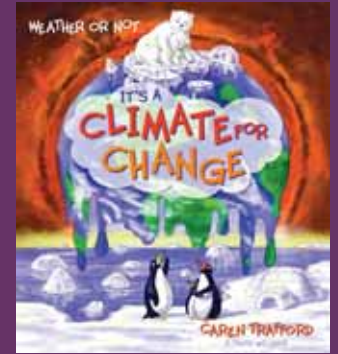

An expose on the state of energy today.
POW! Meet the Renewables was recently short-listed at the Australian Wilderness Awards for Children's Literature.

The Wilderness Society works to safeguard our sources of clean water and air, to tackle climate change, to create a safe future for life on Earth, and to give a better world to our children, which is why it established these awards in 1993. To be eligible for the award a book must encourage caring for the natural environment.

'The characters are brought to life. Kids and parents love them.'

6 titles
available in 6 languages
250,000 copies sold world-wide
suitable for young, juvenile & reluctant readers
Climate for Change donated to every NSW & QLD school in Australia

'Teaching the next generation about environmental issues is the first step to encourage them to take an active role on these issues.'

Koos Wieriks, Advisor to HRH Prince of Orange, Netherlands

'His Royal Highness the Prince of Wales was interested to hear of your environmental work.'

E Buchanan, assist. Private sec. to HRH Prince of Wales, UK

'Exceptional books are needed to make a difference. Combining humour and science, these books are the key to educating generations about the beauty and fragility of this planet.'
